CARTER'S

THE SERMON WAS LONG.

The cushion was soit and the corner was cosy:
And, musing, I knew
By my side in the pew
Was a dear little lace that was dimplod and rosy A stray bit of lace and the curl of a feather Lay close to my cheek and I didn't care whether The service was long Or filring was wrong In a lonely back pow, as we kuelt down together

In reading the prayers we had one book be-tween us, So sweet was that smie, had nobody seen us, while bent on our knees (Ohl how Cupid did tease) I had stolen a kiss, with the prayer-book to screen!

n the oriel window the sunlight was gleaming n my drowsy old brain I felt love faucies teem Then my heart gave a thump—
But my head got a bump
On the back of the pew—I had only been dream

AT THE PICNIC.

His pants were light, the pie was soft, They met beneath the trees; lie thought to rest his weary frame, So straightened out at case. Not one of all that pienic crowd. Who saw him rise again. But thought a murder had been done On the spot where he had lain.

AGRICULTURAL NOTES.

atters of Interest to the Intelligencer's

Farmer Heaters.

Give the chickens plenty of green food, or better still let them have the run of the orchard.

Preserve the eggs till cold weather, now that they are cheap and plentiful. The difference in price will more thanpay for the trouble.

pay for the trouble.

Bloat in cows is indigestion. In bad cases punctuate the paunch with a pocket-knile, if you have nothing better, and keep the wound open for the escape of the gas by inserting a quill.

We advise every amateur to well consider climate and soil before he branches out very extensively with any kind of plants. By so doing he will find the other essentials not very hard to contend with.

sider climate and soil before he branches out very extensively with any kind of plants. By so doing he will find the other essentials not very hard to contend with.

The father thought a moment. Then be concluded to tell the child the truth, the whole truth and nothing but the truth. So he took him on his knee and to the word with the whole truth and nothing but the truth. So he took him on his knee and told him how it was a pretty fabrication made up by fathers and mothers who will be the word their children to make them happy, and the fathers and mothers were the real Santa Claus. The small our use.

The breeders of dairy stock contributary to the New Northwest have never that any reason to complain yet. They sell most of their stock in the new sections and there is a demand for all they have.

they have.

Time intelligently given to bees will pay equally well with that given to any other kind of farm work, and where too many are not kept it may be done at uch times as not to interfere with other mportant work.

important work.

The belief that a hog will thrive on any kind of feed, if he has an abundance of it, and the shiftless, reckless way of feeding practiced by many is the immediate and sole cause of much of the disease that prevails among the swine.

Somebody has made the statement that butter made from cream churned at a low temperature will stand up better in hot weather than when churned at the ordinary temperature of about sixty degrees. It may be this is so, but who of feeding practiced by many is the immediate and sole cause of much of the disease that prevails among the swine.

Somebody has made the statement that butter made from cream churned at a low temperature will stand up better in hot weather than when churned at the ordinary temperature of about sixty degrees. It may be this is so, but who knows?

Professor Thorne, Director of the Ohio Experiment Station, is another who has found raw corn meal to produce better results in pig feeding than cooked meal; This has now been proved in so many cases that it is being accepted as an established fact,

Clean up the front yard; tack on that loose board or picket, slick up and make home and its surroundings an eart and cheery as possible. You will live just as long, have just as good crops and feel a great deal better if you "tidy up a bit."

Very much depends in planting the office of the cord of the cord of the orchard upon sound and discriminating judgment not only in the selection of
